

Glory Realms, Our Inheritance

We have the privilege of being chosen by God to be a holy nation, a royal priesthood unto Him to enjoy every spiritual blessing in Christ, our inheritance which is the realm of the Kingdom of Heaven. In the Spirit of infinite Wisdom that God is, we are to trust Him as He takes us and leads us into realms of His Glory. We cannot enter or inherit the kingdom unless we become like a child.

The Father has purpose as we enter into glory realms. Those realms of the spirit are very real, as real as the chair you're sitting in right at this moment. You can receive visions, dreams, trances, translations, and pictures, experiences within these realms which impact and transform lives forever. Let us fix our minds on things above, not on things of earth. The invisible realm is the place from where God said 'Let there be Light'. We need to have our minds renewed to that knowledge and understanding. He desires that we know more of the things of the spiritual realm than the New Age, or occultists who, at this point, know far more than the church. They may be operating in the latent power of the soul which is the natural man surrendered to the power and influence of the enemy because their spirits are separated from God. The flesh is at enmity with God. The natural man wants control and unfortunately, has been operating to a high degree within the church. Our natural man does have a lot of power to perform great tasks, when we are in unity, but it's all under the power of the soul. That was the case in the tower of Babel and the Lord had to intervene to put an end to this 'soulish power' which is actually witchcraft.

Some in the church have concerns regarding the Bride pursuing the Lord in heavenly realms and some of these fears are that we're allowing our imaginations to run wild. If you are yoked to the seven-fold spirit of God, if you commit your imagination as a weapon of righteousness unto the Lord, if you believe that you will receive what you ask for and not expect to receive a stone or a serpent, then the Holy Spirit is in control and will lead you to where He wants you to go and what He wants to show you. Our imaginations can be sanctified and we should allow that surrendered

member of our body to be used of the Holy Spirit because He desires that we partake fully in our inheritance, here on earth as well as in heaven.

We are called to 'police' the heavens, not focusing on the enemy's activities or walking in fear but abiding in the knowledge of Christ and being fully aware of who we are as citizens of the Kingdom of the Most High God. We can know the authority and power that we have to take and possess this heavenly land, believing the truth that this is in fact our inheritance! The land which we will possess is the reality of Christ in us; the hope of glory. The kingdom of God is within us; righteousness, peace and joy coming forth through us and for us. May the Lord continue to flood our hearts with this light, this understanding that this is part of our inheritance to obtain while here on earth. May He continue to lead us into deeper realms; receiving everything pertaining to life and godliness and all of our spiritual blessings in Christ Jesus, in heavenly places.
