

## Shift and Change

There is an apostolic door opening up for His sons and daughters to learn how to flow with this type of unction to co-labor with the Trinity. They that learn to enter the 'Rest' of the Spirit will then be commissioned to run with an apostolic torch to set new territories ablaze with the King's gaze.

The council chamber of heaven has commissioned the angels to deployment centers. He is building new angelic deployment centers; they are being set up for the angels all over the earth. These angels on assignment will obey His word that is decreed from the mouths of the sons and daughters. Keep asking God to release His angels. This will usher in a shift into a higher wave of excellence and beauty of the kingdom on the earth.

There is a great alignment going on right now. Major life choices, ministry choices, relationship choices will be made. There will be many intersections to come through and cross over to higher ground; higher revelation.

New whirlwinds, new clouds; these clouds are full of God's substance, release of angels, ministers of the heirs of salvation. This is now the hour of the Order of Melchizedek to execute the will of God, to ask for the release of dispatching the angels of God, spiritual beings, living creatures. Decree a thing and it will be. A new authority is coming and a shift has come; a new level of glory. There will be an emerging of a new generation; the bursting forth of sonship across the earth. A new authority will displace that which the enemy has tried to put in place - a turning upside down of the enemy's plans. Now will come the emerging of the government of heaven to earth.

New occupation of new land will happen. Whirlwinds of change are being released. They will clear out the land for people to see the hand of God working in their midst. New blueprints are

...../2

being released to build with simplicity and love, to un-complicate the Kingdom message and Kingdom strategy. He will be with the broken hearted; the ones that have not despised brokenness before Him. He is preparing them as a habitation. Little children, it is time to enter new realms of the Kingdom. Come; explore the heart of the Father. Find your place and enjoy Him.
